REPORT OF

TRUSTEES OF WINCHESTER PUBLIC LIBRARY

The trustees of Winchester Public Library beg leave to present to the town their twenty-eighth annual report.

Very few new books have been placed upon the shelves during the year owing to the increased cost of books and the lacks of funds. There is, however, an unusually fine list of magazines to be found upon the tables in the reading room, which ought to be much enjoyed by the public.

During the summer the library received the gift of about one hundred unmounted oil paintings, the work of the late Cordelia Hines Wheeler, and in her will, bequeathed by her to the library.

Mrs. Wheeler was a native of Winchester, but had resided for many years in Boston. She was a step-daughter of Colonel Parker.

These paintings have all been mounted on bristol board, and a few of them will be framed in the near future.

REPORT OF THE SCHOOL BOARD

To the Citizens of Winchester:

We herewith submit the financial report of the district for the fiscal year ending August 31st, 1919. As we can not give a complete report for the present year until August 31st, 1920, we will submit a partial report at the next annual school meeting.

We respectfully call your attention to the following required report stating amounts of money needed for the support of schools during the next year:

REPORT

Required annual report of school board to district, stating amount of money needed for support of schools and for statutory requirements. (See Laws of 1919, 106:21.)

1. Amount of money required by law (\$3.50 on each \$1,000 of the 1920 inventory).

2. Statement in detail of the additional amount of money required for the support of schools, and payment of statutory obligations for the ensuing fiscal year.

I. Budget (School Money).

	Elementary Schools	High Schools
(a) For support of schools, (This is school money and may be used for maintaining schools, including the pur- chase of fuel and other sup- plies, the transportation of pupils, and incidental re- pairs, not exceeding 5 per cent of school money.)	\$13,850 00	\$5,016 00
(b) For purchase of textbooks and scholars' supplies,	600 00	400 00
(c) For the purchase of flags and appurtenances,	50 00	
(e) Total amount required for above items,	14,500 00	5,416 00
(f) Estimate of amount of a \$5 tax on the 1920 inventory,	10,963 86	

II. Requirements to Meet Budget.

(a) For support of elementary schools, (If the amount required for elemen- tary schools is more than the amount of a \$5 tax—the amount of a \$5 tax should be reported—otherwise the amount required.)	\$10,963 86
--	-------------

- (b) For support of high school or payment of high school tuitions, 5,416 00
 (Ordinarily districts that support a high school do not pay tuitions. Both items might be required.)

Total for support of all schools
 (school money) 16,379 86

III. School Board Report of Assessment Required.

- (1) For the support of schools and purchase of required books, supplies and flags, and the payment of high school tuitions, \$16,379 86

- (2) For the payment of the per capita tax (statutory) 844 00

- (5) For the payment of other statutory requirements (if any), 300 00

Total, \$17,523 86

Respectfully submitted,

JOHN P. BALL,
 W. EARLE JONES,
 Board of Education.

REPORT OF THE HEADMASTER

To the Superintendent and Board of Education of Winchester:

The class of 1919 graduated nine members:

Gertrude Allen	Ruth Prescott
Florence Basch	Darthea Taft
Lillian Henderson	Celia Willard
Merna Hicks	Eugene Allen
Marshall Putnam	

Out of this class of nine members, six are continuing in educational training. Three are in New Hampshire State College, one in Middlebury College, and two are in Keene Normal. One member of the class is teaching, one is engaged in clerical work in town, and a third is employed in Keene.

In a recent communication Commissioner Butterfield calls special attention to the fact that the only way we can be at all sure of keeping our teaching positions filled is for each district to turn out prospective teachers each year equal in number to the number of vacancies. The class of 1919, therefore, can be well satisfied with the showing made: one teaching, two in normal, and the possibility of one or more of those in college taking up the teaching profession.

School opened in September with an enrollment of 55. Seniors 8, juniors 13, sophomores 14, freshmen 19, special 1.

The work of the first eighteen weeks has progressed very

smoothly and without interruptions. In spite of the fact that so many of the pupils come in from long distances, the attendance for the half year has been above 97 per cent. The number of tardy marks also indicates a most remarkable record. These records are good indicators of the general school spirit of the pupils.

Last fall a Victor School Victrola was added to the equipment. The money was obtained entirely through the endeavors of the pupils, beginning with a successful minstrel show at commencement time and ending with a musical and victrola concert last fall. We have found the instrument a most useful and enjoyable addition.

The commercial department is handicapped because of the lack of suitable equipment for the larger number taking that course. The science work is also being carried on under difficulties. There is nothing about the so-called laboratory which entitles it to that name, to say nothing of the shortage and at times entire lack of running water.

Whatever success we are having is due to the cooperation of all concerned and the determination to get the best results under our many handicaps. I would like, in this connection, to extend to the selectmen and to the American Legion, in behalf of the school, our appreciation for the use of the basketball equipment. The privilege has meant much to the boys and girls.

Respectfully submitted,

CARL D. GRUPE,
Headmaster.

The problem confronting us September 1, was the overcrowded condition of grades 5 and 6. This room was divided by a beaver board partition, making two rooms, and improved lighting and board space. The primary situation clearly set forth in last year's report has not been completely remedied. Grade 1 attends in two divisions, giving each two hours and thirty minutes a day. Plans are made to hire an extra teacher during the latter part of the year.

The condition of your school buildings at Ashuelot and the Center remains unchanged from year to year. We are doing the best we can under the circumstances, but action should be taken in the matter. When the whole state is mak-

ing rapid progress in bringing their school equipment to the requirements of the new state law, Winchester should not lag behind. An expression at the school meeting that will result in action is desirable. Give the children a square deal.

SCHOOL GARDENS

The amount of school garden products was estimated to be over \$900 with a reported enrollment of 191. In a government pamphlet entitled, "School Supervised Gardening in New Hampshire." Winchester is mentioned in the following connection. After speaking of the cities making a notably good showing, "with relation to their size, however, many of the smaller places have done even better proportionately." Winchester and Walpole were mentioned for Cheshire county. The school garden enthusiasm has survived the war, but the same cannot be said of the thrift campaign.

When all around are madly spending, the children have stopped saving and vigorous efforts are being made to teach thrift and encourage them to save.

The evening school opened November 10, with beginners' and intermediate classes. We were disappointed in the small number enrolled, but have been much gratified at the interest shown by the men. Gifts of magazines and the loan of Victrola records have been greatly appreciated.

The cards for medical inspection have been distributed and the work begun in the rural schools. The epidemic has prevented its completion, but it will be continued at the first opportunity. An unusual number of unvaccinated cases was reported and we ask the parents to help us to comply with the law in this matter.

The matter of teachers' salaries has been adjusting itself rapidly, and Winchester is approaching a living wage but must do more if she hopes to hold her teaching force. The rural teachers in your last school report are listed as low as

\$9 and \$11. These have been advanced to \$14 and \$15. The graded school teachers are paid \$15 to \$19, a generous increase from \$13 to \$15. The higher grades should be paid \$20, the lower grades \$17 to \$18.

The Board of Education and Superintendent regret the resignation of Miss Cora S. Morse, who has served six years as a member of the board in a most efficient manner.

I wish to express to the Board of Education, the teachers and citizens, my appreciation of their cooperation, and the cordiality and friendliness extended to me as a resident of your town.

Respectfully submitted,

GEORGE O. SMITH,

Superintendent of Schools.
